

## SECURITY & COMPLIANCE

### PCI DSS COMPLIANT

Geoswift Limited attained the Payment Card Industry Data Security Standard ("PCI DSS") which is mandated by Payment Card Industry Security Standards Council ("PCI SSC"). Geoswift fulfills the obligations, requirements and arrangements to comply PCI DSS V3.1 Level 1, with Thales Transport & Security Limited as the Qualified Security Assessor (QSA).

The PCI DSS is a proprietary information security standard for all entities that store, process or transmit cardholders' data. The PCI Standard is mandated by the major card schemes (including Visa, MasterCard, American Express, Discover, and JCB) and administered by PCI SSC. The standard was created to enhance control and security around cardholders' data to prohibit credit card fraud, whilst validation of compliance is required annually.

## 資訊安全和合規

### PCI DSS 標準認可

匯元通已獲得由支付卡行業安全標準委員會 ("PCI SSC") 認可的 PCI 資料安全標準 ("PCI DSS") 資格。匯元通履行有關的義務，符合 PCI DSS V3.1 Level 1 版本的要求和安排，並由 Thales Transport & Security Limited 作為合格安全評估機構 (QSA)。

PCI DSS 是針對支付卡資料的存儲、處理與傳輸等相關作業的專有信息安全標準。PCI 標準主要針對以下支付卡組織的計劃 (Visa, MasterCard, American Express, Discover 和 JCB)，並由支付卡行業安全標準委員會管理。建立該標準是為了提升持卡人資料的控制和安全，防止信用卡詐騙，並需要每年驗證以符合認證的需求。
